

Neighbourhood Plan for Boughton Aluph, Eastwell Goat Lees
Community Consultation, September 2015 - Draft Vision Statement

Ref. no.	Comment
GL046	I value the focus on community care and like the fully inclusive nature of the vision.
GL047	I agree but difficult to see how it can achieved without development.
GL048	A community caring for others. How can this be brought about?
GL098	Stronger statement required to encourage high value employers to locate to Eureka.
GL099	Employment opportunities are essential in the area.
GL100	Support high quality design consistent with best practice. Where does "best practice" get defined and by whom?
GL101	I support wholeheartedly your vision statement.
BL312	Safety! Speed control on Trinity Road/Pelican crossing would provide safety to children walking/cycling to school and reduce reliability on parental "Chelsea Tractors"!
BL313	Fast broadband essential.
BL314	NO business development. Keep this parish rural (for all to enjoy)!
BL315	Faster broadband.
BL316	One way traffic around The Green.
BL317	I would agree with these aims. [Draft Vision Statement board]
BL318	Worthy aims. Important to consider role of area in wider context of Ashford.
BL319	A lot of hard work to achieve these objectives.
BL320	Agree with points on this board, particularly conserving the rural setting of the parish. [Draft Vision Statement board]
BL321	I agree. [Draft Vision Statement board]
BL322	Terrific presentation - now for the difficult part.
BL323	Fully agree with all the objectives including #5 [Safeguard the character and identity of local surroundings whilst not stifling innovation, originality or initiative.]
BL324	Agree with aims - good luck.
BL325	I support all the listed objectives. [Draft Vision Statement board]
BL326	High speed broadband is essential for modern life.
BL327	Good stuff! [Draft Vision Statement board]
BL328	Agree 100% [Draft Vision Statement board] And TRAFFIC! Speed, volume etc.
BL329	Faster broadband!
BL330	Draft Vision Statement. Our vision is...what does this mean? It is all gobbledegook. Please write in Plain English.

Note: Participants were asked to fill in their comments on post-it notes. Some notes covered more than one topic so may appear more than once.

Neighbourhood Plan for Boughton Aluph, Eastwell Goat Lees
Community Consultation, September 2015 - Draft Vision Statement

BL331	I support all the comments - well thought out and easy to understand. My 2 problems are: 1. We have 2 parishes - one rural and one built up. Never the twain shall meet viz Parish Design Statement and the meetings arranged for this meeting round The Green. 2. Traffic round The Green, The Lees road is a nightmare.
SL899	More well designed handsome houses.
SL900	Very well written and considered statement. [Draft Vision Statement display board]
SL901	More retirement homes.
SL902	Don't allow the (profit driven) wishes of developers to override the wishes/needs of our community.
SL903	Facilities to educate kids/public about the countryside.
SL904	Maintain our countryside - build only houses for local people.
SL905	STOP more building.
SL906	Fully functioning community centre - not on Trinity Road.
SL907	Local doctors needed and larger hospital.
SL908	Agree that a local doctors surgery is needed.
SL909	New schools and doctors surgeries must be included.
SL910	Doctors surgery needed.
SL911	Any development should avoid overcrowding and be in keeping with existing properties and locations.
SL912	Any development should be small and well considered. Stop building "Legolands".
SL913	Local doctors surgery needed.
SL914	Make schools and doctors.
SL915	Developments should be sympathetic with existing areas, e.g. height of walls/materials used by developers.
SL916	Local doctors surgery.
SL917	Don't build townhouse in rural areas.
SL918	We need to strike the right balance if developing the area without spoiling the unique rural flavour of this parish.
SL919	More schools and doctors surgeries.
SL920	Local wildlife centre is needed for education and promoting the local wildlife and history.
SL921	Be more assertive on the issue of traffic please. It is already a problem and with these plans will get worse.
SL922	The natural break of Sandyhurst Lane between Ashford and its rural villages must be preserved.
SL923	Agree with statement. [Draft Vision Statement]
SL924	Agree with all these statements. [Draft Vision Statement display board]
SL925	We agree with these statements. [Draft Vision Statement display board]
SL926	Put a wildlife centre in the area. Make money and keep the environment and to help with education for all generations. Stay green. No build.

Neighbourhood Plan for Boughton Aluph, Eastwell Goat Lees
Community Consultation, September 2015 - Draft Vision Statement

SL927	What are Ashford Borough Council's part in this development? Have they got others ideas which we don't know about? The vision is great! <u>Can we stick to it please and make sure it happens.</u>
SL928	Good design often lacking.
SL929	Agree with the statement and vision.
SL930	The draft Vision Statement is fine at this stage but: 1) What is Ashford Borough Council's part in all this to date? 2) Do they have a plan overall for Ashford's development - what is it? 3) We need these answers before we can take the Neighbourhood Plan any further at this time.
SL931	I agree too!! [Draft Vision Statement display board]
SL932	So do I! [re. comment SL931, Draft Vision Statement display board]
